

15.2.39.

Dear Mr. Walsh.

I've not been able to find any one "in"
to-day... I've tried several times...

About the "New Nation".

(a) Mr. Brian Spiller says the paper is "independent," and
can't identify itself with any League or body...
It has published articles from different standpoints: but
more it can't do....

(b) As for copies of a paper... there is no difficulty in buying these...

(c) He thought if you wrote to him (Mr. Spiller) telling
exactly what you wanted to know, he would do his
best to reply...

He does not want to be involved in politics of any
kind, as he is working for his career:

(d) He is a very intelligent young man, and is a fast
writer of the New Nation.
His address is Brian Spiller,

I have told him about you, and I think he is
the best person to whom to write... You can trust his judgment.
He will be in London again,

Yours very sincerely,

W. S. Churchill.

P.S... If it's at all possible, if you are coming to be there,
I'd come to that meeting on Tuesday... I then go on to
my other engagement... I might be able to introduce you to
me or two...
